**Degree Sought:**

**Expected Date of Graduation:**

Title:

**Research Statement:** (PDF Format)

The research statement, written by the student, in consultation with the advisor, should describe: the key elements of the proposed research; what he/she intends to accomplish; and, identify any NASA application of the proposed research activity. The selection committee is made up of university faculty in a variety of disciplines. Applicants should present their proposed research in a form that will be understandable to a range of readers. Research proposals must not exceed a maximum of 3 pages (not including references).

Graduate Fellowship Renewal Applicants should submit a research progress report, not a full proposal.

My faculty advisor has read and approved this research statement and has agreed to supervise me while I conduct this research.

**Sponsored Funding**

During the period of the award the recipient must receive at least \$6000 in matching support from their home institution or other sources. This support is usually provided in the form of a teaching assistantship, research assistantship, or a fellowship. Please list the source of such support below. If awarded, a signature from your institution's Office of Sponsored Programs will be required to confirm this matching support.
